

HADADY RAIL

Hadady Rail proudly pronounces our personal unwavering commitment to understand, and when possible, exceed our customers' requirements by embracing continual improvement initiatives. We are dedicated to delivering defect-free product on-time at the most competitive cost possible.

Validation of our commitment is witnessed by:

- consistent management focus on quality with the pursuit of achieving customer certifications
- continually improving the effectiveness of our Quality Management System by deployment of an Internal Audit Program with evidence being AAR M-1003 certification
- proactive preventative initiatives and collaborative functional efforts for solving problems as depicted by imbedded deployment of *'state-of-the-art'* practices
- motivating our employees to take ownership of their work and encouraging contribution through weekly two-way communication meetings
- providing ongoing training to advance the skills of our greatest asset, our employees.
